

A STRIKE SETTLED.

The Pottery Labor Difficulties Settled at Washington.

THE NEWS RECEIVED WITH JOY

By the Local Workmen, Six Hundred of Whom Have Been Affected by the Extended and Bitter Fight—President Franzheim Attended the Compromise Meeting—A Reduction of 12 1/2 Per Cent.

The receipt of a telegram last evening from General Manager Charles W. Franzheim, of the Wheeling Pottery Company, from Washington City, stating that the pottery strike had just been settled at Trenton, N. J., was the cause of much interest and general rejoicing among the employees, among whom the news soon became known generally, and there were many inquiries last night as to the terms of the settlement, but the telegram did not cover details, only stating that Mr. Franzheim would be here to-day with full particulars.

It is probable that as soon as the settlement has been ratified the two local potteries that have been affected by the strike, Wheeling and Warwick will resume in full, as neither has any stock on hand, all having been exhausted long ago. One firm here that has been using local manufactured goods, has had to send east for ware for several weeks.

The number of pottery workmen that have been affected by the strike, in Wheeling, aggregate about 600, and of these the majority have had no work since June, 1893. One man said yesterday he was employed but seventeen weeks in 1893, and he was more fortunate than most of the others. The men received the news of the compromise with pleasure, for their fight has been a long and bitter one.

By the following Associated Press dispatch, received last night, it will be seen that the agreement entered into yesterday at Washington does not directly affect the Ohio Valley pottery district, but the settlement in the east will force an immediate settlement on similar lines in this section:

TERMS OF SETTLEMENT.

WASHINGTON, July 11.—Through the good offices of Senator Smith, of New Jersey, the strike of pottery workers involving about 7,000 laborers in New Jersey, was settled and as a collateral effect the difficulties in the same trade in Ohio, involving about 5,000 men probably will also be settled.

To-day representatives of the pottery manufacturers of New Jersey and one from Ohio and a large delegation of pottery workers met with Senator Smith and the result of the discussion was an agreement by which the potters go back to work to-morrow morning at a reduction of 12 1/2 per cent from the scale paid before January 1.

AT THE MOUNDVILLE CAMP.

Notes From the Grounds—The Assembly Opens To-morrow.

The Moundville camp ground begins to look like busy times the latter part of this week. Hammering, sawing and house cleaning are the order of the day.

The weather is delightfully cool, and those who are fortunate enough to be there are delighted with the prospect of the coming meeting. Many persons are looking for cottages, but there are very few unoccupied at this writing. A meeting of the board of final arrangements will be made for the assembly. Last evening the regular weekly prayer meeting took place in the auditorium. Yesterday afternoon a gang of men took down the old oak tree on the south park that has been the subject of so much discussion for the last few years.

Alfreda Gaines and wife visited the grounds yesterday to fix up their cottage.

Rev. L. W. Barr, of Fairmont, will move his family to the camp this week. Rev. Dr. Bickley and family, of Thomson church, Island, have moved into a cottage on central park for the season.

Mr. A. L. Wiley, of Wheeling, is on the grounds. Mrs. Thompson, of the South Side, is getting her cottage in the circle in order.

Mr. A. L. Wiley will return to his Simpson avenue cottage this week. Mrs. Crow and family, from Littleton, came in yesterday, and will occupy Mr. Stone's cottage, on the east park.

Mrs. Brooks will move in to-day. A number of ladies from Wilkesburg, Washington and Waynesburg, Pa., will occupy a cottage in central park.

Dr. Eskey, from Benwood, paid a professional visit to Miss Annie Kelly. She has been confined to her cottage for a week with a severe case of gastric troubles. She is able to be out now.

Captain and Mrs. Campbell and daughter, Miss Jennie, of New Orleans, are expected to attend the prohibition meeting.

Belaire will send down a large contingent, a number of whom will occupy rooms in the assembly hall.

The hotel is giving entire satisfaction to all its patrons, and will be a busy place in a few days.

Chris Matthews's new cottage got a coat of paint yesterday and will be ready for occupancy when the assembly meets on Friday.

THE MISSING BRIDE HOME.

Miss Maggie Bartley Returns From Allegheny City.

Yesterday Miss Maggie Bartley's family received word from her sister-in-law, who followed her to Pittsburgh, that she had located her in Allegheny City and they would be home last evening. This news spread, and when the young lady arrived she found a large crowd of people attracted by idle curiosity about her home. Will Bach, to whom she was to have been married yesterday, was out in the country when she arrived. He had been in a pretty bad way over the desertion of his bride on the eve of their marriage, and was taken out into the country in the hope of quieting him down. There was a report night before last that he had attempted to commit suicide, but the only foundation for it seems to have been that he was taken sick.

An acquaintance of Miss Bartley's who came down with her on the train said that she cried most of the way. She said she had been told that Bach proposed to kill himself, and in preference to that she was willing to marry him if he still desired to make her his wife. She gave no explanation of her departure, but it is said the published report that she had eloped with another man was a cruel slander.

SOLID FOR DOVENER.

The Gilmer County Republicans Hold an Enthusiastic Convention.

Special Dispatch to the Intelligencer.

GLENNVILLE, W. Va., July 11.—The Republicans of Gilmer county met here Saturday in mass convention and elected delegates to the congressional and senatorial conventions. Captain D. L. O'Brien was made chairman and Linn Brannon secretary. The delegates to the congressional convention were instructed to cast the solid vote of the county for Capt. B. B. Dovener. The committee on resolutions endorsed those recently adopted by the Republican State League at Fairmont, and they were read by the secretary amid great enthusiasm.

A new county executive committee was elected, of which M. B. Morris is chairman, and Linn Brannon secretary. Several short speeches were made, and the meeting throughout was the most enthusiastic gathering of Republicans here for years. The Republicans of Gilmer county are in good working order; every man seems to be on the alert, and more deeply dyed with principles of protection than ever, and hope to accomplish much good in the coming elections.

PRIVATE RIGHTS

Must Be Respected by the Government. The Seizure of Debs' Private Correspondence.

WASHINGTON, D. C., July 11.—Attorney General Olney to-day, after reading the accounts of the seizure of Debs' private papers as published in the morning papers, expressed his regrets at this action of the government officials, and at once sent the following telegram to Special United States Attorney Walker:

DEPARTMENT OF JUSTICE, WASHINGTON, D. C., July 11.

Edwin Walker, Chicago:

Seizure of Debs' papers is not in accordance with law and should be publicly disavowed and papers at once returned. It is not strictly and technically lawful, papers should be returned. The government, in enforcing the law, cannot afford itself to be lawless, nor, even if they be within its strict right, should measures be resorted to which are unusual and come dangerously near invasion of personal rights. The government is too strong and its cause too righteous to warrant or require anything of that nature. Please wire at once what has taken place and what is done in pursuance of these instructions. (Signed) OLNEY, Attorney General.

It is assumed that it was in obedience to this telegram that the private papers were to-day surrendered and the act of seizing them disavowed.

FEDERAL GRAND JURY

Will Also Investigate the Methods of the Railway Managers' Association.

CHICAGO, July 11.—It is reported that when the federal grand jury concludes its investigation of the American Railway Union it will begin an inquiry into the policy and methods of the General Managers' Association. Among the leaders of the workingmen the charge has been made openly and repeatedly that the obstruction of the United States mails and the interruption of interstate commerce was due quite as much to the general managers as to the railway union. It has been alleged that the general managers agreed among themselves that no trains should be run on any of the roads until all had gained their points in dispute with the men. This was done, it is charged, to hold back such companies as showed an inclination to treat with its employees and bring about a resumption of traffic on its own lines.

A BLOODY FIGHT

Between Strikers and Negro Workmen Near Scottsdale.

SCOTSDALE, Pa., July 11.—While a body of strikers from Morgans were marching here to attend the mass meeting to-day they came in contact with the negro workers at Summit. Two strikers were fatally shot and it is reported that a negro was killed and borne away by his comrades. The first shot is said to have been fired by one of the occupants of a supply company's delivery wagon which was near. The negroes took the part of the driver and thus the fight. The names of the killed and injured are unknown. The men who addressed the mass meeting advised the strikers to remain firm, as there was yet hope.

TO IMPEACH OLNEY.

A Knight of Labor Petition Circulated for Signatures.

PHILADELPHIA, July 11.—A memorial asking for the impeachment of Attorney General Olney has been prepared by the executive board of the Knights of Labor. It was circulated all over the country for signatures. The memorial declares that Richard Olney has been guilty of high crimes and misdemeanors, subjecting him to impeachment and removal from office. The alleged crimes consist in his advice to the President to introduce federal troops into Illinois and other states when they had not been asked for by state authorities and in fact against the earnest protest of certain governors.

Only Passenger Trains Running.

Special Dispatch to the Intelligencer.

CHARLESTON, W. Va., July 11.—The local American Railway Union on the Kanawha & Michigan road decided to strike last night. All are out here now and everything is dead. The passenger trains are running all right.

PRENDERGAST'S CASE.

The Murderer of Carter Harrison Refuses Spiritual Advice—Habeas Corpus Procedure.

CHICAGO, July 11.—The assassin, Prendergast, was not in a good humor when Rev. Father Barry, of the Holy Name cathedral, and another priest called to see him. When the jailer accompanied the priests to Prendergast's cell the assassin glared angrily through the bars and told the visitors he had nothing to say to them. "I don't want any spiritual advice," said Prendergast. "Neither do I want any priests here," and then he retired to the remotest corner of his cell and refused to either speak or look at the visitors. Afterwards Prendergast remarked: "These people keep away from me until they think the end is near, then they come around with their advice. I shall not bother with them. I don't need any spiritual talk and will not have it. That's all there is about it."

Prendergast's attorney went to Springfield to-day to endeavor to get the governor to commute his sentence.

Judge Seaman, of Milwaukee, and Judge Dana, of Madison, were telegraphed and asked if they could hear habeas corpus proceedings in Prendergast's behalf. Both declined, and Judge Grosvenor finally agreed to consider the application for a writ of habeas corpus at 10 o'clock to-morrow morning.
